FOR IMMEDIATE RELEASE

Over \$1.8 Million Approved for Camden County Road Projects and Equipment

WOODBINE, Ga. – October 21, 2020 – At their recent regular meeting teleconference, the Camden County Board of Commissioners approved over \$993,000 in paving and equipment purchases. This follows the August 2020 approval of over \$222,000 in paving and over \$621,000 in improvement projects for seventeen (17) roads across unincorporated Camden County.

“We are thankful for the support of the Board of Commissioners,” said Public Works Director Shalana McNamee. “Their recent approvals of road projects and equipment purchases will have a positive impact on drivers in unincorporated Camden County for years to come.”

Included in the paving projects is 0.34 miles of Field Creek Circle in northern Camden County and over 0.9 miles in Plantation Point Phase II subdivision in central Camden County. The paving projects are utilizing SPLOST VII funds. This is in addition to resurfacing, road striping, and culvert replacement for seventeen (17) roads located in Districts 1, 2, and 5 and representing northern, central, and southwest Camden County, respectively. These projects are being funded through Local Maintenance & Improvement Grant (LMIG) and SPLOST VIII dollars.

Nine (9) new pieces of equipment totaling over \$453,000 have been approved for purchase through SPLOST VIII funding and will be used to maintain county right-of-way.

About Camden County: Located in the extreme southeast corner of Georgia, Camden County truly is “Georgia’s Coastal Community of Choice.” Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
