FOR IMMEDIATE RELEASE

Public Notice: Redistricting Work Underway

WOODBINE, Ga. – November 16, 2021 – Following each decennial Census Camden County must complete a redistricting process to balance the voting districts within our community. Camden County is working with the Georgia General Assembly’s Legislative and Congressional Reapportionment Office to update the five districts in Camden County based on the population counted in the 2020 Census.

District boundaries will change to allow for population growth to be as equally distributed in each District as possible. Based off of the 2020 Census results, each of Camden County’s five districts would ideally have a population of 10,954 residents. New district boundary lines will be drawn to reflect shifts in population. These districts are for the Camden County Board of Commissioners and the Camden County Board of Education.

Draft map options are being considered and will be made available for public review in advance of the vote of adoption. Following approval by the Camden County Board of Commissioners, the Georgia General Assembly must vote to pass the maps and send them to Governor’s office for signature.

Camden County citizens are encouraged to make comments on redistricting via the Camden County website, www.camdencountyga.gov/redistricting. These comments will be shared with the Camden County Board of Commissioners.

About Camden County: Located in the extreme southeast corner of Georgia, Camden County truly is “Georgia’s Coastal Community of Choice.” Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
