### Camden County Wins National Awards for Innovative County Programs

**Woodbine, Ga. (June 8, 2010)** – On Friday, June 4, 2010, The National Association of Counties announced that Camden County was selected to receive National Achievement Awards for their submissions on two county programs. These programs include: **STEMI – Saving Lives in the Field** and **Going Green – Saving Green**. “NACo is proud to confer this award and recognize your county’s hard work to promote quality, efficient, and responsive management and administration,” said Larry Naake, Executive Director, NACo.

*“I’m thrilled with this announcement! NACo recognizes innovative county programs that modernize and streamline county government and increase its services to its citizen. To be formally recognized nationally allows Camden County to share our accomplishments with other counties across the nation. This was a thorough application process submitted on behalf of Camden County by our Office of Strategic Planning.”* said Steve L. Howard, County Administrator. Adam Kabasakalian, Interim Director of Strategic Planning, stated *“It is without doubt that we have a talented staff working to be more responsive, innovative, and cost effective. Since the fundamentals of local government provide a foundation for award winning initiatives, I am always encouraged by such awards because they also provide validation for daily work being performed across the organization.”* Camden County will be recognized at NACo’s 14<sup>th</sup> Annual Awards Ceremony in Washoe County, NV on Sunday, July 18, 2010.
