

AMERICA'S GATEWAY TO SPACE™

• VISION STATEMENT •

To develop a successful world class spaceport through a public-private partnership that establishes Camden County as the Commercial Space Center of the United States.

FOR IMMEDIATE RELEASE

Gerald L. Pouncey, Jr. Joins Spaceport Camden Project Team

WOODBINE, GEORGIA – April 27, 2016 - Spaceport Camden has partnered with Gerald L Pouncey Jr., Senior Partner with Morris, Manning & Martin and head of the Environmental, Infrastructure and Land Use Practice at the firm. His primary focus at the firm is the acquisition, disposition and/or the redevelopment of major properties (including state and federal superfund sites), mergers, investments and financing related to such properties and the development and implementation of green energy technologies and strategies. He lectures nationally on these topics.

"I am confident that Mr. Pouncey will be a great asset to the Spaceport Camden project team," said Steve Howard, project lead for Spaceport Camden. "I look forward to working with him as we move this important project forward for Georgia."

Mr. Pouncey has served as lead environmental counsel for the Atlantic Station project, a \$2 billion award-winning smart growth project, which is the nation's largest brownfield redevelopment. His work included acquisition and redevelopment of the project. Mr. Pouncey was the lead negotiator for locating the \$400 million Toyo Tire facility in Georgia. He also served as the environmental counsel to Jacoby Development in Jacoby's acquisition of the former Ford Auto Assembly Plant in Hapeville, Georgia, a 130-acre Brownfield south of Atlanta.

More about Spaceport Camden:

With an ideal location on the coast of Georgia, bordering North East Florida, Camden County is strategically positioned to be one of the most important commercial spaceports on the East Coast and in the United States. For more information please view our website at www.SpaceportCamden.us.
