**For Immediate Release**

**Statement of Spaceport Camden Lead Steve Howard on the Passage of SB46 and HB1**

Spaceport Camden Project Leader, Steve Howard, offered the following statement on the passage of SB46 and HB1 in the Georgia General Assembly:

“For more than a year, we have worked with leaders in the Georgia House and Senate to develop legislation that demonstrates to the commercial space industry that Georgia is open for business. I am proud to report that the industry has been watching. Since the passage of SB 46 yesterday, I have received several calls and inquiries from industry participants that are recognizing Georgia is serious about space. Passage of HB 1 today will only continue to drive that message home.”

I look forward to the General Assembly passing a final version of The Georgia Spaceflight Act and presenting it to Governor Deal for his signature. With the Governor’s support, Georgia will not only be the best state to do business, but the best state to go to space.”

**More about Spaceport Camden:**

Our Vision is to develop a successful world class spaceport through a public-private partnership that establishes Camden County as the Commercial Space Center of the United States. Our Mission is to create the premier spaceport strategically positioned to provide economic diversity with a competitive advantage for the space sector, Camden County, the State of Georgia and the United States of America. For more information, please view our website at [www.SpaceportCamden.us](http://www.SpaceportCamden.us).
