**Camden County Launches Redesigned Website**

**WOODBINE, GEORGIA – March 8, 2018** – The Camden County Board of Commissioners is pleased to announce the launch of a redesigned Camden County government website. The website, [www.camdencountyga.gov](http://www.camdencountyga.gov), just completed a nine month redesign process by CivicPlus, the leading government website provider.

“We are excited to share our redesigned website with the community,” said County Administrator Steve Howard. “Citizens can access this resource 24 hours a day to learn more about Camden County, find information on upcoming events, pay bills, read press releases, and so much more.”

Citizens and their local government will be able to communicate, monitor, and report on items relevant to the county through some of the featured modules that include:

- *Request Tracker* - A tool used to report concerns to Camden County. Citizens that sign-in to the service are able to track the progress of their concern.
- *Notify Me* - Citizens can subscribe to receive a variety of information about selected topics, delivered via email or text message.

With the new redesign, Camden County will be able to increase its community engagement and enhance the communication between residents and the local government.

**About Camden County:** Located in the extreme southeast corner of Georgia, Camden County truly is “Georgia’s Coastal Community of Choice.” Originally formed in 1777, Camden County is best known for its rich history, natural scenic beauty and Southern hospitality. Our vision is helping to make this the best place to live by preserving and enhancing the history and quality of life, while promoting smart growth and providing an efficient, effective and responsive government.
