FOR IMMEDIATE RELEASE

Camden County Emergency Management Agency Releases 2018 Hurricane Guide

WOODBINE, GEORGIA – June 12, 2018— Camden County’s Emergency Management Agency (EMA) has released its 2018 Hurricane Guide. The online guide, available on Camden County’s website at camdencountyga.gov, has information to help local residents prepare for hurricane season.

Included in the guide is information about the 2018 Hurricane Forecast, preparing for hurricanes, CodeRED, and the Camden County Unified Hurricane Re-Entry Plan. Additionally, there is information about hurricane hazards and the Camden County Health Department’s Functional, Access, or Medical Needs Hurricane Registry.

“As a coastal community, that has experienced the effects of both Hurricane Matthew and Irma, it is imperative that Camden County Residents be prepared,” said EMA Director Chuck White. “The Hurricane Guide has valuable information to help Camden County residents learn more about what they can do to better prepare for this year’s hurricane season.”

About Camden County Emergency Management Agency (EMA): The EMA is responsible for the management of all emergency preparedness program areas within the County. Using the provisions of Georgia statutes, the Agency is responsible for developing and implementing comprehensive Disaster planning, Mitigation, and Response activities within Camden County. Additionally, the Agency also develops and maintains emergency plans for all types of natural and man-made hazards, and provides the analysis and recommendations necessary to make decisions that will effectively save lives and protect property in such emergencies.
