FOR IMMEDIATE RELEASE

Members Added to Spaceport Camden Education and Workforce Subcommittee

WOODBINE, GEORGIA – August 13, 2018 – At their August 7, 2018, regular meeting, the Camden County Board of Commissioners appointed three additional members to the Spaceport Camden Education and Workforce Subcommittee. Upon recommendation by County Administrator and Spaceport Camden Project Lead, Steve Howard, the Board of County Commissioners unanimously voted to add Dr. John E. Bradford, Jane Kinney, and Anthony J. Piplica to the Education and Workforce Subcommittee.

Dr. John E. Bradford is the President and Chief Operating Officer for SpaceWorks Enterprises, Inc.; Jane Kinney is the Assistant Director of the Commercial Spaceflight Federation; and Anthony J. Piplica is the Chief Executive Officer for Generation Orbit. All three new subcommittee members represent the space commerce community and their presence will add to the workforce component of the committee's duties.

These new members join Chairperson Laura Forczyk and Adon Clark, Paige Coker, Dr. Shawn T. Cruzen, Dr. Glenn Deibert, Bill Garlen, Lisa Gleason, Leo C. Melody, Millie Price, Lonnie Roberts, Pete Snell, Jessica Warren, and Dr. James R. Wilburn on the subcommittee.

"The wealth of knowledge these members bring to the already wide-ranging experience of the Spaceport Camden Education and Workforce Subcommittee is a tribute to the importance of this opportunity," said County Administrator and Spaceport Camden Project Lead Steve Howard. "This subcommittee's work is critical to ensuring that Camden County residents are able to take advantage of the new job prospects in the aerospace industry and that we can continue to provide world class talent to space operators."

"Award-Winning Government"

STEVE L. HOWARD
County Administrator

JOHN S. MYERS
County Attorney

LANNIE BRANT
Commissioner, District 1

CHUCK CLARK
Commissioner, District 2

JIMMY STARLINE
Commissioner, District 3

GARY BLOUNT
Commissioner, District 4

BEN CASEY
Commissioner, District 5

The Spaceport Camden Education and Workforce Subcommittee has been tasked with identifying the needs of future spaceport users' education and recommending K-12, technical college, and post-secondary curricula to prepare Georgia students for careers at Spaceport Camden. The subcommittee will develop a list of recommendations that Camden County will share with elected and appointed officials at local school boards, the Georgia General Assembly, and the University System of Georgia.

More about Spaceport Camden: Our Vision is to develop a successful world class spaceport through a public-private partnership that establishes Camden County as the Commercial Space Center of the United States. Our Mission is to create the premier spaceport strategically positioned to provide economic diversity with a competitive advantage for the space sector, Camden County, the State of Georgia and the United States of America.
